# Horizon Europe implementation

# Strategic Plan

- The implementation of the specific programme are supported by a transparent and strategic planning of research and innovation activities, in particular Pillar II
- In consultation with Member States and stakeholders
- The Strategic Planning shall ensure alignment with other relevant Union programmes and consistency with EU priorities and commitments
- The result of the Strategic Planning are set out in a multiannual Strategic Plan, for preparing the content in the work programmes covering a maximum period of four years. The new Strategic Plan will cover 2025-2027

# About the Horizon Europe Work Programmes

Horizon Europe is implemented primarily through Work Programmes, which set out funding opportunities for research and innovation activities.

Pillar II is found under the 'main' Work Programme

The 'main' Work Programme is typically made up of 13 parts:

- the introduction;
- 11 parts covering the components (hereunder Pillar II and the Missions)
- General Annexes, which set out rules which apply across the Work Programme such as the standard admissibility conditions and eligibility criteria, selection and award criteria, etc.

# The Strategic Plan and the Work Programme

# General Annexes

## Eligibility:

- Eligibility to participate
- Eligibility to receive funding
- Consortium composition
- Eligible activities

## Consortium roles

- Beneficiary – for main participants
- Coordinator
- Affiliated entities
- Associated partners

## Some types of actions

- Research and Innovation Actions (RIA)
- Innovation actions (IA)
- Coordination and support actions (CSA)

# General Annexes

## Financial capacity:

- Applicants must have stable and sufficient resources to successfully implement the projects and contribute their share.
- Financial capacity check will be done during the grant preparation stage

## Operational capacity:

- Applicants must have the know-how, qualifications and resources to successfully implement their tasks in the project and contribute their share
- The assessment is carried out during the evaluation.
- Based on competence and experience of the applicants and the project teams, including operational resources

# Award Criteria

Excellence	Impact	Quality and efficiency of the implementation
<ul style="list-style-type: none"><li>- Clarity and pertinence of the project's objectives, and the extent to which the proposed work is ambitious and goes beyond the state of the art.</li><li>- Soundness of the proposed methodology</li></ul>	<ul style="list-style-type: none"><li>- Credibility of the pathways to achieve the expected outcomes and impacts specified in the work programme, and the likely scale and significance of the contributions from the project.</li><li>- Suitability and quality of the measures to maximise expected outcomes and impact</li></ul>	<ul style="list-style-type: none"><li>- Quality and effectiveness of the work plan, assessment of risks, and appropriateness of the effort assigned to work packages, and the resources overall.</li><li>- Capacity and role of each participant, and the extent to which the consortium as a whole brings together the necessary expertise</li></ul>

## Discover the funding & tenders opportunities

Find out how to participate by following these key steps.

### Find calls for proposals

Explore the available EU funding opportunities by searching for calls for proposals within your topics of interest, find partners and submit a proposal.

### Find calls for tenders

Find business opportunities in the calls for tenders managed by EU institutions, bodies and agencies.

# Grant Agreement Preparation

- Starting date & project duration
- Milestones and deliverables
- Form of grant, funding rate and maximum grant amount
- Budget categories and cost eligibility rules
- Reporting and payment arrangements
- Details on non-compliance and breach of contract
